## **General Comment**

Leave my brokerage accounts alone. Yes trading options if done wrong can be risky. So can breathing if done wrong. It is not the governments place to control risk in my investmets. In doing so you also limit my ability to succeed.

I took the time and effort to learn how to use options both in our IRA's and out side them. It helps me protect my IRA's from losses and increase the profits. There are already too many restrictions on the use options in IRA's if you take the time to learn how to use them properly.

I need to make my IRA's work for me not be crippled. Your changes will simply be another burden on retirees.
